Wow, what an interesting start to term 3! We're glad to be back at school again after remote learning.

This term we are exploring Festivals around the world. So far we have looked at the difference between a celebration and a festival and we are excited to discover more about festivals in different countries. We heard there is a strange festival in Italy where you throw tomatoes at each other!

We have also been working on sharing/division in maths (we promised cleaned the tables after we drew on them!)

Did you know that in Singapore everyone celebrates their birthday on the same day?
